

**Electoral structure review - Greater Geelong City Council - Response Submission
KG Kylie Grzybek - Lara - 07 July 2023, 02:26 pm**

Having been a Windermere Ward Councillor for 5+ years I believe that you should put that small part of Corio into the "Corio Bay ward" as the needs are very different into the rest of the You Yangs ward. There is a neighbourhood house model in Corio and Norlane that is best to be connected to one Councillor. The point that You Yangs ward will be a growth area for the Northern & Western Growth Corridor will balance up the number of voters per ward. The sheer size of the You Yangs ward also may prove to be detrimental to engagement, the thought around given single member wards is the sheer size of territory to cover. The You Yangs ward also takes into account the Avalon growth corridor for commercial and airline structures, and is strategically important to the whole of Geelong and Wyndham.

Please don't forget to allow for the growth as these reviews only happen every generation.
