If the state and federal governments use a version of wards and it appears to work why is the Council wanting to remove the ward system. If we have no councillor allotted who attends Progress association meetings we lose our voice. I suspect there are people who want to get a leg up into a political career and it's perks via local council but are not prepared to do the hard yards. Don't fix what's not broken please and explain to would be councillors that they are acting for the greater good of their community and self aggrandisement is not on the menu.... That way we may get back to selfless work by people who honestly want to make a difference to their community
