

**Electoral structure review - Moorabool Shire Council - Response Submission
Lyndsay Leingang - Mount Egerton - 29 March 2023, 02:55 pm**

I strongly support Model 2 - A subdivided Electoral Structure. There is more to our Council than just the Bacchus Marsh area. Plenty of change needs to be done around the entire Council. I fear if we adopt an un-subdivided structure, smaller areas like Mount Egerton won't have our voices heard. We deserve proper representation and to have rate payer money invested back into our community too.
