

Electoral structure review - Moorabool Shire Council - Response Submission
Meaghan O'Callaghan - Maddingley - 29 March 2023, 09:34 pm

Model 2 seems like a better option to ensure that people across Moorabool Shire are adequately represented by individuals who are more aware of the specific interests of a smaller region. As someone who lives in the more populated area of this region, it would be reassuring to know that my interests are represented, as those interests and concerns could potentially be quite different to those who live further out on large regional properties.
