Good afternoon

This electoral boundary revision is possibly the most important chance in local government in our area post amalgamations. As the VEC has arguably the best target mailing list of any organisation, it disappoints me that it would not have had a simple postal plebiscite on this issue. I would encourage a democratic approach on democratic matters.

I believe the sample size shows a lack of engagement more than anything.

Welcome, and look forward to, more open discussion moving forward

Thanks
