Good Afternoon,

I am resending my email regarding the cancellation of wards which will be replaced with one electorate across the whole municipality. As per your submission requirements I am resending my email with my full name and postal address. I am currently a ratepayer in the Kara Kara Shire.

Why is the happening without a consultation process taking place? As Kara Kara is a smaller community it would be greatly disadvantage and who would represent us?

All people count and should be represented equally, fairly and with respect. The Council has a responsibility to represent and make decisions for the whole community.

It is for the above reasons I would think the second choice is the better option i.e Kara Kara a separate ward with two councillors. Please this consider this option and treat everyone fairly. All ratepayers and all communities need to be represented.

Regards,

Susanne Noelle Feeny
