

Electoral structure review - Ballarat City Council - Response Submission
Sean Tehan - BUNINYONG - 11 July 2023, 02:09 pm

As a Buninyong resident, I feel there is a need to recognise us as the village that we are. As a member of various community groups I have been troubled by the lack of councilor presence. I do not see this as intentional but more as a result of the ward covering too much of an area. The needs of Buninyong voters is also vastly different to those of the Ballarat suburbs. We are a Village and with that comes differences and challenges that need to be lived and understood. Residents in Mt Clear do not have the same experiences.
