

**Electoral structure review - Monash City Council - Response Submission**  
**Peta Bell - Chadstone - 20 July 2023, 09:00 am**

Model 1 & 2: It appears that the University Ward is long and the businesses and residences in the eastern part likely align less sensibility-wise with the more industrial businesses, homes and university to the boundary's west. I'd like to see an alternative 'hybrid' that allows for the Huntingdale and Warrigal Wards to exist per model 3 but stays as close to remaining boundaries as possible as outlined in Model 1.
