To whom it may concern

I would like to make a statement of support for option 1 in the recent proposal to divide the northern Grampians council.

It is important for people to be represented accurately throughout the shire. Option 1 allows for more direct and genuine connection to local communities to support their needs.

It will also avoid unnecessary boundary alterations, which takes time and money and would take the focus off the community issues at hand in our current climate.

Kind regards
Rebekah Dickinson
