

**Electoral structure review - Horsham Rural City Council - Response Submission**  
**Dianna Blake - Horsham - 19 July 2023, 03:27 pm**

Any division of Horsham Rural City Council into wards is just complicating our representation. Our population is not high enough to warrant this. The previous study by the VEC found that the ward structure was not appropriate for Horsham. Please respect this previous investigation.

The 3 proposed ward structures will all in fact diminish the representation of Councillors for our community.
