

**Electoral structure review - Brimbank City Council - Response Submission
Shannon Meilak - Keilor Lodge - 28 October 2023, 12:31 pm**

The north of Brimbank has been neglected for years. Since Keilor Council and Sunshine Council amalgamated, the Northern suburbs within Brimbank receive less funding and advocacy, despite their rates having significantly increased due to the amalgamation. I believe this is due to the fact that there are far less Councillors to represent these residents and that the land area of the wards in the North, are much larger.

As such, I would like to see Model 3 adopted, as it will provide 5 Councillors to this much neglected part of Brimbank. No other model provides this many Councillors to the region and so I implore you to adopt this model.

Thank you.
