

**Electoral structure review - Mount Alexander Shire Council - Response Submission
Michele Waddington - Maldon - 06 April 2023, 02:08 pm**

Thank you for the opportunity to comment. I prefer that Councillors respond directly to their electors, i.e. model 3, one Councillor per ward. After considering that electors can be trapped by a bad choice for four years and not have their rights exercised, I decided that is an operational problem, not a structural one.

Regards

Michele
