

**Electoral structure review - Greater Geelong City Council - Response Submission  
Robin Gardner - CLIFTON SPRINGS - 13 July 2023, 02:37 pm**

Disappointed that one councillor per ward has been adopted.

I believe this will lead to a poorer representation of views and less stable governance due to potential violent swings from one side to another.

I would like the Electoral Commission and the Council to advise the State Government of my views.

Model 2 appears to retain a better division of areas and keeps townships together.

Drysdale, Clifton Springs and Curlewis should be kept together.

Murradoc is an acceptable name but Borrong Gook could also be considered as it is already the name of a street in Drysdale and fits more accurately to the area.
