

Electoral structure review - Moorabool Shire Council - Response Submission
Nichole Knight - Gordon - 29 March 2023, 02:25 pm

I believe that Model 2 is the most appropriate model for our Council. The current Ward model does not adequately reflect the voices of residents, and creates an imbalance in the decision making between more urban and rural areas. Growth areas and rural areas will be better represented, and increase our voice to Council. Increasing representatives for each Ward will also diversify the perspectives and representation within each Ward.
