

**Ward boundary review - Boroondara City Council - Response Submission
Julie Mulhauser - Canterbury - 29 February 2024, 01:19 pm**

I live in Maling Ward.

My preferred model is model 2 which makes changes to the western boundary of Maling Ward that better reflect both the neighbourhood precincts for the area and better balance the ward with other wards with respect to voter numbers.

I would like to make a verbal submission.
