

**Electoral structure review - Moorabool Shire Council - Response Submission**  
**Heidi Johnson - Gordon - 11 April 2023, 10:16 pm**

I wish to submit Model 2, with a division into 3 wards with 3 councillors each.

My true preference would be for Bungal Ward to have more than 3 councillors representing us, given that the area is so large, and traditionally the rural areas are often ignored by Moorabool Shire Council, and our rural outlook and priorities, which naturally are quite different to that of the urban residents of Bacchus Marsh, get overlooked and outvoted. However, if these are the only two models we have to choose from, then I would definitely prefer having 3 councillors to represent the interests of rural living residents.
