

**Ward boundary review - Murrindindi Shire Council - Response Submission
John & Eunice Rebbechi - Mount Waverley - 11 March 2024, 01:37 pm**

Accepting that increasing the size of Cathedral Ward is necessary to comply with the + or - 10% rule, Proposed Model 1, which includes Toolangi in Cathedral Ward, would not work. A simple look at a map makes it obvious that Toolangi has no community links with the remainder of Cathedral Ward that is based around communities linked by access via the Maroondah Highway from Narbethong to Taggerty, including Marysville. Toolangi links with communities of Castella and Glenburn and Kinglake via roads linked to the Melba Highway. Model 2, therefore is to be preferred.
