As a long standing resident of Hume, currently living in the Meadow Valley Ward, I forward my thoughts

To ERAPS. Firstly, I feel that the Option Two of the three proposed by Council is the best one. The actual boundary's better represent the communities that are within them. The total City area covers very diverse needs and characteristics. And therefore, I believe that the needs of the new individual wards will be better able to support these residents by rationally improving specific "niche", local requirements.

Yours Sincerely,
Keith Notley.
