

**Electoral structure review - Monash City Council - Response Submission**  
**Reuben Walters - Mulgrave - 21 July 2023, 07:52 pm**

After reading through the report and viewing the maps, I believe model 1 makes the most sense. Local communities are rarely located latitudinally or longitudinally but rather around a centre. Model 1 has the least wide wards of the three options. Personally for my local area, the Waverley Park Ward in Model 1 + 2 make much more sense than the Jells Park Ward in Model 3.

Thanks,

Reuben
