

Electoral structure review - Casey City Council - Response Submission
Robert Masters - Berwick - 02 November 2023, 09:22 pm

I support Model 3 and the names given to each of the Wards.

Brechin Ward, Toradin Ward, Berwick Springs Ward, Churchill Ward, Cranbourne Gardens Ward, Grasmere Ward, Grices Ward, Maramba Ward, Quarters Ward, River Gum Ward, Selandra Ward, and Waratah Ward.

Although this is not relevant to the boundaries, it would be ideal to have standard requirements for each candidate to meet if they stand for election for a particular Ward. This could include education level, business experience, professional or occupational experience, local government knowledge/experience, commitment to the values of integrity and accountability, a pledge to uphold the nation's values, duration of residency in the Ward, and their proposed contribution to the Ward and that of the electorate itself.
