

**Electoral structure review - Wyndham City Council - Response Submission
Dennis Ng - Point Cook - 21 November 2023, 11:36 am**

Ref proposed new electoral boundaries, I'm in favor maintaining status quo. I live in Sanctuary Lakes / Point Cook and commend the works of the town council & councillors supporting our community through various initiatives. I'm rejecting the proposed new electoral boundaries on the basis that I'm in the opinion that the proposed boundaries would widen the representing councillors reach and spread them thin covering Williams Landing & only a portion Point Cook e.g. the Point Cook Town Centre. The proposed boundary would then encompass 2 town centres in one area. I laud the current town council team & councillors whom are visibly active in Point Cook with broach range of inclusive activities and vision for the area.
