

**Electoral structure review - Corangamite Shire Council - Response Submission  
Terang Progress Association - Terang - 06 April 2023, 08:14 am**

The Terang and District Progress Association recognises the diverse needs of the community, that range from sheep and wheat growers in the north, through to dairy, and tourism in the south. Strong representation from these communities is essential for a functional council. Given this position the Terang and District Progress Association believe that model 3 will be the best model moving forward.
